THE NORTHERN BENGAL MOUNTED RIFLES.

Auxiliary Force, India.

FORMED on 6th August, 1873, as the Northern Bengal Volunteer Rifle Corps. Absorbed the Darjeeling Volunteer Rifle Corps on 5th August, 1881.

Reorganized on 15th February, 1889, under the present designation.

Crest.—The Bengal Tiger, with Motto "FIDELITER."

Headquarters.—Darjeeling, N. Bengal.

Uniform.—Khaki; Mess Dress, Scarlet, Facings White.

Composition.—Regimental Headquarters.

3 Squadrons Cavalry, including 3 Light Motor Patrols.

1 Company Infantry.

5 Platoons Cadets.

Honorary Colonel.—His Excellency Colonel the Right Honourable Sir F. Stanley Jackson, P.C., G.C.I.E., Governor of Bengal. Appointed 19th May, 1927.

Commandant.—Lieutenant-Colonel J. A. Polwhele, V.D. (Honorary A.D.C. to the Governor of Bengal).

Regimental Journal.—The N.B.M.R. Journal (published annually).

Regimental Colours.—Dark Green, with thin double stripes of White.

EDITORIAL.

“THERE must *be* literary talent among members” we read in a previous editorial. And we echo, reassuringly, “there *must* be.”

It has been suggested that modesty alone deters people from exercising this talent more fully. We therefore wish to affirm that the Editor of the N.B.M.R. Journal, whoever he may be from year to year, is always a man of integrity. He can be relied upon, if desired, to maintain in fathomless obscurity the anonymity of any contributor.

We ask merely that contributions should be typed. That they should be typed on one side of the paper only, and that there should be a margin.

Articles have sometimes been received bearing afterthoughts cramped slantwise into corners of the paper. Frequently such afterthoughts are illuminating. But, speaking editorially, they are bizarre embellishments, and even demoralizing.

The range of subjects is not narrowly limited. There are certain articles which we may call routine products. It falls to the lot of certain hapless individuals to send in accurate accounts of Camp, of Point-to-Point Races, and so on. And they send them in; plain unvarnished tales, as they should be.

What we expect of latent talent is something more literary and less routine. The following specimen titles may, we hope, be inspiring.

Why Troopers Swear (informative); A Day with the L.M.P.—A Bateman Picture; Soliloquy in a Ballroom, or Need the Troops Wear Gloves Now Backs Are Bare? (emotional); Meditation in a Brickfield (imaginative).

Many of the smaller items of Regimental news that were formerly lodged in Editorial have moved on, in recent years, to find place under Headquarters Notes. It still remains, however, our privilege to present a summary of the strength of N.B.M.R. We present it hereunder.

	Officers.	W. O's and S.S.I.	ENROLLED MEMBERS.				TOTAL.

TOTAL .	30	8	475	72	41	614	626

Of Camp 1931 we have received several accounts. One is a view from the East. We are brought across the Teesta river on a cold morning and led gently into furnished tents and then to work. A second account takes us into the middle of the arena and shows us the hustle set up by an Alarm Signal. Yet a third is a bird's-eye view culled, by permission of the editor, from the *Darjeeling Times*.

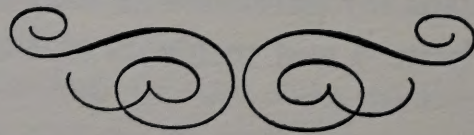

These views we present severally. Partly because a last minute change in editorship of this Journal precluded any

idea of focusing them together. Partly because they stand well alone—as different viewpoints, not overlapping to any unbearable extent.

In retrospect the past year stands out as being uncommonly successful. Attendance at Camp in each week was good. Twelve Officers and 172 other ranks attended in the second week. Much hard work was done. The Adjutant's "Notes on Training in Camp" bear testimony that that labour was not fruitless.

We feel sure that those successes constitute a befitting tribute to the energy and efficiency of the late Lieut.-Colonel J. O. Little, and to the esteem in which he was held by members of the Corps.

The keenness shown in the past year is also an eloquent expression of the welcome that the Regiment extends to Lieut.-Colonel J. A. Polwhele on his appointment as Commanding Officer.

HEADQUARTERS NOTES.

THE Training year, 1930-31, had hardly commenced when the sudden death of their Commanding Officer, Lieut.-Colonel J. O. Little, V.D., cast a gloom over all members of the Corps.

Colonel Little was a comparatively young man and appeared to have many years of usefulness both to the Corps and to the Darjeeling District before him but passed away after a short illness on the 9th May, 1930. A biographical note of his career appeared in the Journal for 1929-30. Colonel Little was buried with full Military Honours in the Cemetery near Darjeeling and no one who attended the funeral will ever forget the solemnity of the occasion.

His Excellency the Governor of Bengal, Honorary Colonel of the N.B.M.R., was represented by Major W. A. K. Fraser, C.B.E., D.S.O., M.V.O., M.C., and the following Officers of the Corps were present:

Major J. A. Polwhele, V.D., Commanding N.B.M.R., Lieut.-Colonel G. A. Webb, V.D., Capt. H. G. Jordan, Adjutant, N.B.M.R., Lieut. R. S. S. Treanor.

Practically every Officer, both Civil and Military, connected with Darjeeling Headquarters P. and A. District and the Lebong and Jalapahar garrisons as well as many Warrant Officers and Tea Planters and residents of Darjeeling attended the funeral.

The Northern Squadron, N.B.M.R., provided an Escort for the Coffin under the command of Lieut. Treanor and the D.C.L.I. a Firing Party and Buglers. The route from St. Joseph's College to the path leading down to the Cemetery was lined by Cadets of Nos. 1 and 2 Platoons, "B" Company (St. Paul's School and St. Joseph's College), under Capt. Humphries and 2nd-Lieut. Chopin respectively.

Major Bisdee, D.S.O., M.C., Commanding 1st Battalion, the Duke of Cornwall's Light Infantry, and Capt. Jordan were responsible for the Funeral arrangements.

A Memorial Fund was instituted by the Commanding Officer with the object of erecting a Memorial Tablet in St. Andrew's Church, Darjeeling, and, if funds permit, of endowing a bed in the Presidency General Hospital, Calcutta, for the use of past and present members of the Regiment. The Memorial Tablet was erected by the end of the Training year and was unveiled by His Excellency the Governor of Bengal, Honorary Colonel of the Regiment, on the 9th April, 1931.

By Colonel Little's death the Regiment lost a most efficient and sympathetic Commanding Officer whose energy and knowledge of Military affairs will leave a permanent mark with the Regiment.

On Colonel Little falling ill Major Polwhele assumed Command and, on Colonel Little's death, was promoted to Lieut.-Colonel and shortly afterwards appointed Honorary A. D. C. to His Excellency the Governor of Bengal.

Captain Stanley Brabant-Smith and Captain Graham received their Majority in July and Command the Western and Eastern Squadrons respectively.

The Commanding Officer was unable to inspect every troop on its own parade ground but was able to see some of the Dooars Troops and the Cadet Platoons of St. Paul's and St. Joseph's Schools in Darjeeling and of Victoria and Goethal's Schools in Kurseong.

He was also present when Brigadier S. B. Orton, C.B., Commanding the Presidency and Assam District, inspected St. Paul's School Cadets.

HEADQUARTERS NOTES.

A visit to Kalimpong was arranged but unfortunately had to be cancelled owing to heavy rain having damaged the road badly.

As usual Parades were held on Armistice Day at Darjeeling and Mal and were very well attended.

The Western and Eastern Squadrons were honoured by a visit from General Sir John Shea, G.C.B., K.C.M.G., D.S.O., General Officer Commanding-in-Chief, Eastern Command, at Mal on the 14th November. Sir John Shea was received by the Regiment in line and after a close inspection at which he took the opportunity of conversing with every one on parade witnessed a March Past and some drill under Troop Leaders. On conclusion of the parade Sir John was introduced to all the officers on parade and all the ladies who had assembled to witness the parade.

The Annual Camp, of which details appear elsewhere in this Journal, was held as usual in Jalpaiguri and from the outset showed that training on Troop parade grounds had been conscientiously carried out. Very noticeable were the cleanliness of equipment and the improvement in horse flesh.

The latter is due to Colonel Little's foresight in arranging with Mr. Robb for remounts from Australia and to Captain Jordan's selection of the same in Calcutta.

Three Squadrons of two Troops each were inspected in Camp by Major-General H. K. Bethell, C.B., C.M.G., C.V.O., D.S.O., General Officer Commanding Presidency and Assam District, after which two Squadrons of three Troops each were formed for Squadron Drill, first under their Squadron Officers and then under two Junior Subalterns.

Major-General Bethell also saw a Tactical Scheme in which the N.B.M.R. formed an Advanced Guard of a force operating against our old friends the Armed Police.

Major-General Bethell took part in our polo in the afternoon and at the evening lecture spoke a few words telling us what he thought of us and what he expected of us.

A special feature of the training during Camp was Capt. Jordan's careful and patient coaching of each Officer personally in "Tactics", "Orders", "Reports", etc.

It is hoped that those he took in hand will remember and profit by the advice he gave them.

The Regimental Sports and Polo were well contested and S. S. M. Moss is to be congratulated on his fine win of the "Nimmo" Cup for the Best Man-at-Arms.

His contest with Corpl. Shephard for the "Tent Pegging" prize was so even that the peg had to be placed sideways before it was finally decided in his favour.

Two new Challenge Cups were presented to the Regiment during the year—the "Pymm" Cup, presented by Mrs. T. Ward Allan in memory of her late father, Capt. R. A. Pymm, V.D., who had about 40 years service, and a Polo Challenge Cup presented by the Imperial Tobacco Company.

The "Pymm" Cup was allotted by the Commanding Officer for the most efficient troop and was won by No. 3 Troop, Eastern Squadron.

The "Tobacco" Cup was allotted to Half-Squadron Polo to be competed for by Assistant Tea Planters only during the 1st period of Camp. This was won by the Left-Half of the Western Squadron.

CAMP OF EXERCISE, 1931.

CLIMATIC conditions were not favourable at the start and the crossing of the Teesta on the morning of the 8th February reminded us of other latitudes. Those who had been at home last year were reminded of the old country's brand of Summer they had recently sampled and those due for leave were given a foretaste of what they might have to prepare for.

Tent furnishings, etc., had been sent ahead and the condition of things in our Tents reflected the staff work of the Bearer.

It was, however, not long before the weather got kinder and throughout the week it was favourable, without being too warm.

It was a satisfactory Parade which faced the inspection of the Commanding Officer, Lieut.-Colonel J. A. Polwhele, on Monday morning both as regards numbers and turnout, and he expressed his satisfaction.

From the first Parade to the last and from the C.O. to the latest joined Trooper the spirit was splendid. To sum up, the week was instructive and very pleasant in every respect. It was also a record as regards attendance.

N.B.M.R. CAMP, JALPAIGURI, 1951

Photo by Bourne & Shepherd.

Northern Squadron, Lloyd-Lindsay Competition.

There were one or two changes from previous years. "Night Ops" were washed out and there was therefore no interruption to the much more enjoyable "Night Hops."

Watching and taking part in a demonstration in demolition by a R.E. Officer was a new and instructive Parade. 15 oz. of cordite tied to a rail and detonated electrically caused surprising damage as did a like amount of cordite to a wooden post.

A Farrier-Sergt. from the 3rd Hussars conducted a Class drawn from the three Squadrons and instruction was given in making and fitting shoes. On the morning of 11th and 18th Farrier-Sergt. Cake gave a demonstration in cold shoeing to all mounted members. The correct fitting of various types of shoes and the general principles regarding the treatment of the horse's hoof was explained to an interested audience.

So far as officers were concerned it will be agreed that they were well catered for and the T.E.W.T's as well as lectures on "Appreciation of the situation" and the writing of operation orders were well worth the time spent on them and the careful preparation by Capt. Jordan.

The General's inspection took place on Friday.

Major-General Bethell arrived as well on time as the Northern Bengal Express could bring him. It was coldish work for men and horses for half an hour before he appeared but after inspecting the Regiment in Line he lost no time in warming us up. In place of the usual March Past the Regiment was formed into two Squadrons of three troops and drilled under senior and junior officers at the trot and gallop.

After a short break the Regiment reformed for a Tactical Scheme, which consisted of escorting and convoy of country carts from Jalpaiguri to Paharput through a country infested with rebels represented by our old friends the Police. "Some

CAMP OF EXERCISE, 1931.

say that we wan and some say that they wan," but the General's "Few Words," after the cease fire, were instructive. General Bethell joined in scratch Chukkers of Polo in the afternoon and later gave us a lecture on how to do our various tasks.

At Dinner (Guest night as it happened) he also gave us more hints and drew comparisons between the "Model" and the "Real Thing."

Notes on 2nd Period.

Number attending Camp—Officers 12, Other Ranks 172. Programme the same except that the lecture on "Cold Shoeing" was held on Monday the 16th and that on "Demolition" on Friday the 20th.

On Wednesday the 18th the Regiment was fallen in "dismounted" at 12.00 hours and members were informed that the General Alarm Signal was to be given in 20 seconds and that on hearing the signal they were to procure 20 rounds S. A. A. per rifle, 12 rounds per Pistol and 200 rounds per Hotchkiss Gun and fall in mounted in column of Squadrons on the Parade Ground.

This order came as a complete surprise to everyone from which they had not recovered when the signal was given.

The wise ones at once rushed to the stables and ordered their syces to saddle up "ek dum" and "jaldi" while they doubled to the Guard tent to obtain ammunition.

The Regiment is to be congratulated on the speed with which they fell in fully equipped.

The L.M.P., having their cars handy, were ready first but their time was not noted as their Commander did not report to the C.O.

The first Trooper to parade fully equipped with arms and ammunition and with horse properly equipped was Trooper Sturgis of No. 4 Troop, Western Squadron, who turned out in the surprisingly short time of 5 minutes, quickly followed by Tpr. Tocher also of No. 4 Troop, Western Squadron, in 6 minutes.

The first officer to turn out was Lieut. Treanor, No. 1 Troop, Northern Squadron, in $5\frac{1}{2}$ minutes.

The O.C. Western Squadron reported "all present and correct" in $11\frac{1}{2}$ minutes and the whole regiment, bar four, were on parade in 13 minutes.

The last of the four delinquents fell in in $16\frac{1}{4}$ minutes.

This was a very good effort especially as most of the bridles and saddles were in pieces being cleaned by the syces.

This year saw the revival of a Point-to-Point Race for Ladies' the last having been held in 1922.

The course was about $2\frac{1}{2}$ miles and included the "on and off" of the men's course.

It was won by Mrs. B. Brabant Smith on "Lady Be Good" closely followed by Mrs. Dunkerly on "Gay Lad" and Miss Little on "Hester."

Captain Jordan kindly presented the Cup for the winner and Mementoes for the other entrants.

Demolition.—Capt. Chandler, R.E., gave a lecture on Thursday evening on the kinds of explosives generally used and especially on the use of gun-cotton.

CAMP OF EXERCISE, 1931.

On Friday morning the Regiment proceeded to the river bed at the back of the butts to see the effect of gun-cotton.

One Squadron was told off to blow up a brick wall and another a short piece of railway line.

The wall simply disappeared in a cloud of black smoke under a charge of 1 lb.

Two pounds were used for destroying the railway line but their effect was not so spectacular though the rails were so damaged as to prevent their use.

N.B.M.R. ANNUAL CAMP, 1931.

(By courtesy of the Editor, *Darjeeling Times*).

From the tillage plots of Darjeeling and the Duars, cultivators, on Sunday the 8th February, converged on Jalpaiguri. Entering lines of white tents, they presently emerged uniformly clad. And the Northern Bengal Mounted Rifles' Annual Camp of Exercise had begun.

Commanded by Lieut.-Colonel J. A. Polwhele, V.D., members proceeded on Monday to enter upon a week's intensive training. The harrowing details of the actual toil need not be recounted, but the remaining activities at Camp I shall proceed to describe.

On Tuesday, 10th, the Musketry Cup competition was held. This competition is not concluded until the second week of camp; but, so far, Northern Squadron has amassed a total of 118 points compared with Western Squadron's 77, and Eastern's 68 points. The musketeers who secured this substantial lead for Northern Squadron were Sergts. Maude and Matthews, Cpl. Simpson and Tpr. Durnford. Their excellent effort should enable Northern representatives in the second week to consolidate the position and bag the cup.

Photo by Bourne & Shepherd.]

General, Presidency and Assam District, presenting
Medal to Sergt. MacDonald.

CAMP OF EXERCISE, 1931.

Point-to-Point Races were run on Thursday. The open event was won by "Wendy," Tpr. Henderson (W) up. "Cluna" ridden by Sergt. Oakley (N) came in next, with Tpr. Hardwick (E) on "Silver Heels" third.

Followed the Novices Point-to-Point, for which there were only three entries. "Felicity" ridden by Tpr. Shebbeare (W) came in first, followed by Tpr. Kirby (N) on "Peter."

The course was easier than last year's. The first half was heavy going, over plough; with the return run over stubble fields. There were eleven artificial jumps, and the course was, I should imagine, rather over two miles in length. The crashes that occurred last year were not repeated this time, although one competitor in the Novices event was seen to dismount in unorthodox fashion at the last jump.

On Friday, N.B.M.R. was inspected by Major-General Keppel Bethell, Commanding the Presidency and Assam District. The General first witnessed squadron drill, which was carried out on the Race Course. With the cohesion achieved the General expressed himself satisfied and duly congratulated the Corps in his lecture that evening.

After the parade ground drill, a tactical exercise was staged along a road north of Jalpaiguri, in which N.B.M.R. formed a convoy, which was attacked by Terrorists in the garb of Jalpaiguri's versatile constabulary.

After the morning's work, Major-General Bethell presented long service medals to Sergts. McDonald and F. L. H. Oakley.

The day of the General's visit was concluded by a Guest Night Dinner and Dance, at which most of the Youth and Beauty of Jalpaiguri were present. This, it may be noted, was the only occasion when the latter quality was more or less evenly diffused among the lines of Mess Room tables.

CAMP OF EXERCISE, 1931.

Previously its point of concentration seemed to be Western Squadron's centre table.

In the Mounted Sports, on Saturday, Eastern Squadron achieved conspicuous success. The results of the contests were as follows:

Lytton Cup: Lloyd Lindsay Mounted: won by Eastern Squadron. Troop led by Lieut. McIntosh.

Drysdale Cup: Section Led Horses: won by Eastern Squadron, Sergt. Owen's section.

Darjeeling Trades' Cup: Won by Northern Squadron, L.M.P., Sergt. Maude's section, consisting of Tprs. Durnford, Kerr, Marsh and Parker.

Dummy Thrusting (Instructional Staff): This was won by S.S.I. E. J. Williams, whose display was an exceptionally fine exhibition of horsemanship and skill-at-arms.

Dummy Thrusting (Members' event): Won by Tpr. Simpson, Eastern Squadron.

Riding and Jumping: Won by Tpr. Hodges, Eastern Squadron.

Rings and Peg: First, Tpr. Chapman, Eastern Squadron.

Tent Pegging with Swords: Won by Tpr. James, Eastern Squadron.

The Ladies' Tennis Tournament, played on Jalpaiguri Club's well-kept courts, was won by Mrs. Briggs and Miss Nancy Walker in partnership.

Prizes were presented to the successful entrants in the forementioned contests by Mrs. Polwhele.

In the Ladies' Shooting Competition, which is not concluded until the second week, the highest score so far is Mrs. Dunkerley's, 17 points out of a possible 20.

CAMP, 1931.

To those who are interested in the origin of place-names, "Jalpaiguri" would appear to offer scope for further elucidation.

One day, during a tactical excursion into the paddy-fields around Jalpaiguri, I happened upon an aged cultivator, weeding. I enquired of him where the enemy was lurking, also whether he knew why Jalpaiguri was so called? "Even since my father's time," he said, "this place has been called Jalpaiguri."

A more confident explanation came from a Tibetan priest. This sage stated quite unequivocally that "Jalpai" is Bengali for Olive Tree and "Guri" Tibetan for Fort. Therefore Jalpaiguri is Olive Tree Fort—and that's all there is about it. But with Caledonian caution, I asked again, this time of a Jalpaiguri lawyer, who is also a Bengali scholar. His equally confident assertion was that "Jalpai" and "Guri" are both Bengali words: the former meaning Olive Tree, the latter "Stump." So Jalpaiguri becomes Olive Tree Stump.

The "fort" interpretation, he argued, was "untenable," for how can all the "Guris" which abound in Bengal be whilom Tibetan forts?" "Amguri," he continued, would more reasonably be "Mango-tree Stump" than "Fort Mango"..... and so on.

To that I am sure the sacerdotal reply would have been that the prevalence of far-flung Tibetan forts, in a bygone age, is no more unlikely a thesis than that which would seek to make of "Siliguri" the "Stone Stump" rather than "Rock-Fort."

I got no forrader with this momentous problem. Perhaps readers of this paper will?

SECOND WEEK.

The second week of the Northern Bengal Mounted Rifle Camp of Exercise at Jalpaiguri was concluded on February the 22nd.

The large number of members who attended constituted a record.

Apart from the actual training, a full programme of Sports was provided, including a Point-to-Point Race for Ladies—an event that has not been held for many years.

As in the first week, the days were mostly cool and fresh, although towards the end of the week midday temperatures began to soar noticeably.

In the Mounted Sports there was again a tendency for the spoils of victory to move in an easterly direction. Eastern Squadron is to be congratulated on gaining substantial successes in both weeks.

Northern Squadron's efforts in winning the half-squadron polo tourney, and the P. W. V. Cup for the team event in Point-to-Point Racing, were also very creditable. So, too, was Tpr. Sampson-Way's success for Northern in the Riding and Jumping.

These successes of the hill-side squadron go far to justify the belief that those who for their daily round and common task do choose the *khud* can retain undimmed their equestrian skill.

On Tuesday the Musketry Cup Competition was concluded and won by Northern Squadron. Lieut. Osbourne and Tprs. Ricketts, Sampson-Way and Haddock, by their accurate shooting, added a further thirty odd points to the substantial lead secured by Northern representatives in the first week.

Photo by Bourne & Shepherd.

TEA TIME AT THE POLO GROUND.

On the same day a Hockey match was played, in which the Police beat N.B.M.R. 4—2. Finney, for the Police, played remarkably well.

On Thursday the Point-to-Point Races were run. In the open event, for which there were 15 entries, "Wendy" ridden by Henderson (E) came in first, repeating her first week's success. "Annabel," Watson (N) up, was second, with Pinniger (E) on "Silver Heels" third.

This race, comprising both individual and team entries, resulted in Northern Squadron's team winning the P. W. V. Cup, while the Turbett Cup was won by Watson on "Annabel." ("Wendy," by reason of having won in the first week, being ineligible for this individual event).

The second race (Ponies Class) resulted in a win for "Jonah" ridden by Caldwell (N); followed by Spooner (N) on "Nigger," with "Naughty Girl," Pinniger (E) up, third. For this race there were five entries.

In the Novices Point-to-Point, "Comedy" was first, ridden by Welburn (W); with Meldrum (N) on "Blue Eyes" second.

In the Ladies' Race, Mrs. Brabant-Smith, riding "Lady Be Good," came in first; Mrs. Dunkerley on "Gay Lad" second; Miss Joan Little on "Hester" third.

The following are the results of the Mounted Sports held on Saturday:—

The Carmichael Cup, for Mounted Lloyd-Lindsay Competition, Squadron Teams: won by Eastern Squadron, Troop led by S.S. M. Moss.

The Competition for Squadron Light Motor Patrols was won by Eastern Squadron, Cpl. Jacks' section.

The Renwick Cup, for Section Led Horse Competition, was won by Eastern Squadron, Cpl. Irwin's section.

CAMP OF EXERCISE, 1931.

The Polo Cup, for half-squadron teams, was gained by Northern Squadron.

The winning team was: Irving, back; Oakley, Sangster and Ricketts playing 1, 2, 3, respectively. The merit of Northern's victory is enhanced by the fact that their opponents in the final were the redoubtable Shipsey, Shaw, Davis and England of Western Squadron.

The actual score was 3 goals all: the Northern team winning on the handicap.

Dummy Thrusting (Members' event): First, Tpr. Bain, Eastern Squadron.

Rings and Peg: First, S.S. M. Moss, Eastern Squadron.

Tent Pegging with Swords: Won by S.S. M. Moss, Eastern Squadron.

Nimmo Cup, for the Best Man-at-Arms in Camp (open), was awarded to S.S. M. Moss, Eastern Squadron.

The Griffin Cup, for the Best Man-at-Arms in Camp (Tea Garden Assistants only): Won by Tpr. Bain, Eastern Squadron.

The Pymm Cup, for the Best Troop, went to No. 3 Troop, Eastern Squadron.

Riding and Jumping: First, Tpr. Sampson-Way, Northern Squadron.

In the Ladies' Tennis (Doubles event only) the winning pair was Mrs. Brabant-Smith and Mrs. Wright.

In the Ladies' Shooting Competition, Mrs. Dunkerley's first-week score of 17 points out of a possible 20 remained unbeaten. She, therefore, won this event, for which the prize was a Winchester Rifle.

An unfortunate accident occurred to Messrs. Bourne and Shepherd's representative, who was engaged in making photographic records of the activities in Camp. It appears he was about to photograph a dance that was in progress one night, when the magnesium flare ignited prematurely, causing severe burns to his face and hands. The photographer was taken to Calcutta the next morning and it is hoped that no permanent damage to his eyesight will be found to have occurred.

Otherwise there was no untoward incident and a successful fortnight was brought to a close when Mrs. Polwhele presented the prizes to winning competitors in the various sports.

For the efficiency and smooth running, credit is due to Lieut.-Colonel J. A. Polwhele, V.D., Commanding, and other Officers of the Corps, especially Captain H. G. B. Jordan, and also to the keenness of members, while it is not likely to go unrealized that these factors of successful organization have their roots largely in the sound foundations laid by the late Lieut.-Colonel J. O. Little.

SQUADRON AND COMPANY NOTES. NORTHERN SQUADRON.

THERE have not been many notable changes within the Squadron during the past year. The Officers remained the same, supplemented by the promotion of Sergt. Hannagan, No. 3 Troop, on which we congratulate him. In addition to his duties as No. 4 Troop Leader, Capt. Irving commanded the Squadron during the absence on furlough of Capt. Stodart, and Nos. 1 and 2 Troops were in command of Lieut. Treanor and Lieut. Osborne respectively. Local Parades throughout the year were fairly well attended, and a satisfactory percentage of members managed to complete their obligatory training, the few exceptions being those who could not manage to attend the Annual Camp of Exercise.

The Garrison Parade on the King's Birthday, and Armistice Day Parade were both well attended, and the Squadron put up a very creditable show on both occasions. The Half-Squadron parades held throughout the training year were also fairly well attended. These parades, generally followed by mounted sports during the afternoon, are usually very interesting and enjoyable, and it is surprising that more members don't avail themselves of the opportunity of having a good day's sport, supplemented by a very excellent free lunch and tea, and a reasonable amount of useful instruction.

Attendance at Camp was very good, and the Squadron again put up a very creditable show both in the soldiering and sporting activities at Camp, winning a fair share of both individual and Team events.

The winning of the Musketry and Railway Cups were good efforts and the Left Half of the Squadron again brought "Home" the Polo Cup, a jolly good performance. The annual Squadron Sports were held at Kurseong on Sunday, 29th March, 1931, and drew a record turn-out. The numbers competing were satisfactory, and we had a good day's sports, a very high order of efficiency being displayed in most events. The best Man-at-Arms Cup was won by Trooper Sampson-Way.

The Squadron Prize Shooting competitions were held during March, some excellent scores were returned, and it is gratifying to note the success of some of the recently joined members. The Aggregate Cup was won by Lieut. Osborne, with very consistent shooting in all competitions.

J. Stodart,
Captain.

WESTERN SQUADRON.

On the death of Lieut.-Colonel Little, Major Polwhele assumed command of the Regiment, and Major S. Brabant Smith assumed command of "W" Squadron.

During the year Lieut. Ferguson commanded No. 1 Troop and Capt. Graves No. 4 Troop. Sergt. Shephard was promoted to S.S.M. when Lieut. Brabant Smith received his commission.

Lieut. Bateman was in command of the L.M.P. Sergt. Webster was promoted to S.Q.M.S. on the retirement of S.Q.M.S. Gray. Tptry. Hardwick was promoted to Tpt.-Major on the retirement of Sergt.-Major Dewar. Tpr. Pim became Squadron Trumpeter.

The attendance at parades was better than in former years. But there are still far too many men not completing their full number of hours. It is fully realized that this is

SQUADRON AND COMPANY NOTES.

not always possible, especially with No. 4 Troop: but there is not enough advantage taken of drills and lectures, by Troop Leaders, throughout the rains.

The Musketry of the Squadron averaged 49.3 and still leaves room for improvement. The Squadron Challenge Cup for the best shot in the Squadron was won by Tpr. Stares of No. 1 Troop, with Tpr. A. C. Gibbs of No. 2 Troop second. The entries for this cup could and should be considerably greater.

The L.M.P. put in some excellent practical work during the cold weather.

The Squadron Muster on Armistice Day, and for General Shea's inspection was 100. I understand that the General was fully satisfied with the Drill and general turn-out.

The attendance at Camp for both weeks was good. For the first week it was 56, for the second 81. It was very disappointing that the Squadron did not do better in the Sports, and that so few individual cups came to the Squadron. It is hoped that next year will show a great improvement in this respect. This can only be achieved by continual practice and a certain amount of leisure time being given.

The Squadron can, however, be congratulated in winning four of the Point-to-Point Races. In the first week Tpr. Henderson's "Wendy" won the Marcelle Cup, owner up, and Tpr. C. C. Shebbeare on "Felicity" won the Novices'. In the second week Tpr. Welburn on "Comedy" won the Novices' and Mrs. Brabant Smith won the Ladies' Point-to-Point on "Lady Be Good."

The L.M.P. had hard luck in just losing the L.M.P. Competition by one mark owing to a 'jam'.

I trust that next year our luck will turn.

SQUADRON AND COMPANY NOTES.

S.S.I. Prescott has taken his family to England on a well-earned furlough. We trust he will return to the Squadron fully recuperated.

S. Brabant Smith, Major,
O.C. Western Squadron.

"A" Company Notes.

"A" Company is composed of two Platoons :—

No. 1 Platoon is in Darjeeling, and

No. 2 Platoon in Tindharia and Kurseong.

The majority of members of "A" Company are distributed in St. Paul's School and St. Joseph's College, Darjeeling, Victoria School and Goethal's School, Kurseong, and Kalimpong School.

The remaining members are stationed in Darjeeling, Kurseong and Tindharia.

Members of No. 2 Platoon not attached to Nos. 3 or 4 Platoons of "B" Company attended Parades at Tindharia every Wednesday during the training season months of October to May.

Having so many members attached to 1, 2, 3, 4 and 5 Platoons of "B" Company makes it practically impossible to hold Company Parades.

The members of "A" Company attached to the various Platoons of "B" Company were drilled on an average twice a week.

There was a successful Prize Shoot held at Tindharia on 7th December, 1930. The events and the names of successful prize-winners are given as follows :—

SQUADRON AND COMPANY NOTES.

Match I.

Ten rounds slow, 200 yards, rests allowed, small 4 ft target.

		Score.
1st Pte. Stalki 37
2nd S.S.I. Husselbee 33
3rd Pte. Craigie 32
Lieut. Kirby 32

Match II.

Five rounds, grouping, 100 yards, small 4 ft. target, no rests allowed.

		Score.
1st Lieut. Kirby 20
2nd Pte. Carey 15

Match III.

Five rounds, large snap shooting target, 200 yards, no rests allowed, 4 seconds exposure.

**Annual Report of No. 3 Platoon, "B" Company,
N. B. M. Rifles.**

Season 1930-31.

This season there were 31 Cadets on the roll and 16 Preparatory Cadets, making a total of 47.

Lieut. F. Berry left for England on leave on the 12th March, 1930, and Lieut. E. D. Davenport was placed in command of the Platoon.

The following appointments were made to complete establishment :—

Cadet Summers, G.—Promoted Platoon Sergeant.

L/Cpl. Ellicott, P., and Cadet Cowan, J.—Promoted Corporal.

Cadets Doig, A., and Waggoner, W.—Appointed Lance-Corporals.

SECTION AND COMPANY NOTES

The season was marked by great activity on the part of the Cadets of the Platoon. Although they had to do without the usual Camp of Instruction, they were called upon to guard the Armory and Military Keep of Victoria Barracks for a period of four weeks (27th April to 27th May), they maintained guard over the Armory every night with untiring zeal. The keenness of the Cadets and the soldier-like manner in which they performed their duties were especially noteworthy.

When Lieut.-Col. J. A. Polwhale, V.D., and the Adjutant, Capt. H. G. B. Jordan, inspected the Platoon on the 17th June, they expressed pleasure at all they witnessed. Colonel Polwhale commended the Cadets on the excellent way in which they had guarded their Armory and stated that they had rendered the Government a valuable service. The Adjutant very kindly sanctioned a grant for a picnic as a reward to the Cadets for the work they had done in this respect.

Our reputation at Musketry has been well maintained, the Platoon Sharpshooters having again won the "Baker Shield" for 1929-30, making nine years in all that this trophy has been won by the Platoon.

No. 3 Section (Commander, Corpl. Ellicott, P.) are to be congratulated on winning the "Efficiency Cup" for 1930-31. The competitions for this cup are always keenly contested. Each section is examined in (1) Arms Drill. (2) Section Drill. (3) Musketry. (4) A One-Mile March, with full equipment (Time march).

This year two new items were added, viz., (5) Marching on Markers, and (6) A Tactical Scheme, both items being intended to test the prowess mainly of the Section Commanders. Lieut. F. Berry returned from leave on the 12th November, in time to organize the competition.

The Musketry Prize Shoot took place on the Platoon Range on the 23rd November, and was very keenly contested. A portion of our Government grant was spent on prizes. The Corps, for reasons unknown, have stopped the usual Musketry Prize Grant for the past two years. This causes a drain on our rather meagre resources.

Result of Musketry Prize Shoot, 1930.

Winner of Platoon Musketry Cup—Cadet Corpl. Ellicott.

Winner of Recruits Musketry Cup—Recruit Morrison.

Trained Cadets.

300 yards slow, 5 rounds—1st Cadet Mott.

300 yards slow, 5 rounds—2nd Cadet Billingham.

300 yards slow, 5 rounds—3rd Cadet Scott.

300 yards rapid, 15 rounds—1st Cadet Corpl. Ellicott.

300 yards rapid, 15 rounds—2nd Cadet Corpl. Seaman.

300 yards rapid, 15 rounds—3rd Cadet Scott.

Recruits.

300 yards slow, 5 rounds—1st Recruit Waggoner.

300 yards slow, 5 rounds—2nd Recruit Bibra.

300 yards slow, 5 rounds—3rd Recruit Edwards.

300 yards rapid, 15 rounds—1st Recruit Bibra.

300 yards rapid, 15 rounds—2nd Recruit Malins.

300 yards rapid, 15 rounds—3rd Recruit Smart.

The Platoon "Baker Shield" team fired in the competition on Thursday, 27th November, 1931. Lieut. R. R. Kirby and Lieut. T. W. Clark supervised at the Firing Point and Butts respectively. The team made the appreciable score of 54 hits = 162 points, with which we hope to retain the Shield again for the season 1931-32.

The Head Master kindly presided at the distribution of prizes which was held on the 28th November, 1931, at a tea

given to the section that won the Efficiency Cup and to other prize winners. The Platoon has worked well throughout the year, and has maintained its reputation for efficiency.

E. D. Davenport, *Lieut.*,
No. 3 Platoon, "B" Coy., N. B. M. Rifles.

No. 4 Platoon, "B" Company, N. B. M. Rifles.

The training season commenced early in March, and parades were held regularly twice weekly. F. Crouch was Platoon Sergeant, and Cadets I. Cameron, S. O'Grady and T. Robson commanded Nos. 1, 2 and 3 Sections respectively.

The newly enrolled cadets were not long in making themselves efficient, and were soon able to take their places in the Sections, which were formed early in April.

Colonel J. A. Polwhele, Commanding N. B. M. Rifles, and Captain H. G. B. Jordan inspected the Platoon on June 26th, and expressed themselves well pleased with the progress made by the cadets. There is nothing further to record except that the Musketry Course was fired off towards the end of the year with very satisfactory results.

L. M. Candler, *Captain*,
O/C., No. 4 Platoon, "B" Coy.

No. 5 Platoon, 1930-31.

The season started with 28 Cadets on the Platoon Roll. Thirty-one boys were enrolled as recruits, giving a total strength of 59.

The promotions were as follows:—

Cpl. Mackenzie, D., promoted Platoon Sergeant. Cadets Ross, D., Doig, P., Newman, W., O'Brien, J., promoted Corporals. Cadets Howie, A., Clyne, J., Upton, W., promoted L/Cpls.

Staff-Sergt. Hutchinson joined us in January to be Platoon Instructor *vice* Staff-Sergt. Potter.

In June, the Adjutant, Capt. H. G. B. Jordan, inspected the Platoon and expressed great satisfaction with the turn-out and the general work of the Platoon.

The Platoon provided a guard for the Armoury for one month and did this work efficiently.

The Annual Camp of Exercise was held at Pedong from December 13th to the 22nd. Good work was done in drill and field exercises. The Musketry Competitions showed great improvement in the average attainment of each member of the Platoon. The four Cadets who got the highest score were within a point of one another in the aggregate for 10 practices.

The prize winners for the session were:

Drysdale Inter-Section Cup.—No. 2 Section under Cpl. D. Ross.

Webb Musketry Competition.—(H. P. Score, 125):

			Score.
1.	Cpl. Ross, D.	..	101
	Cadet Caddy, T.	..	101
2.	Cadet O'Brien, P.	..	95

SQUADRON AND COMPANY NOTES.

General Efficiency Prize.—Sergt. D. Mackenzie.

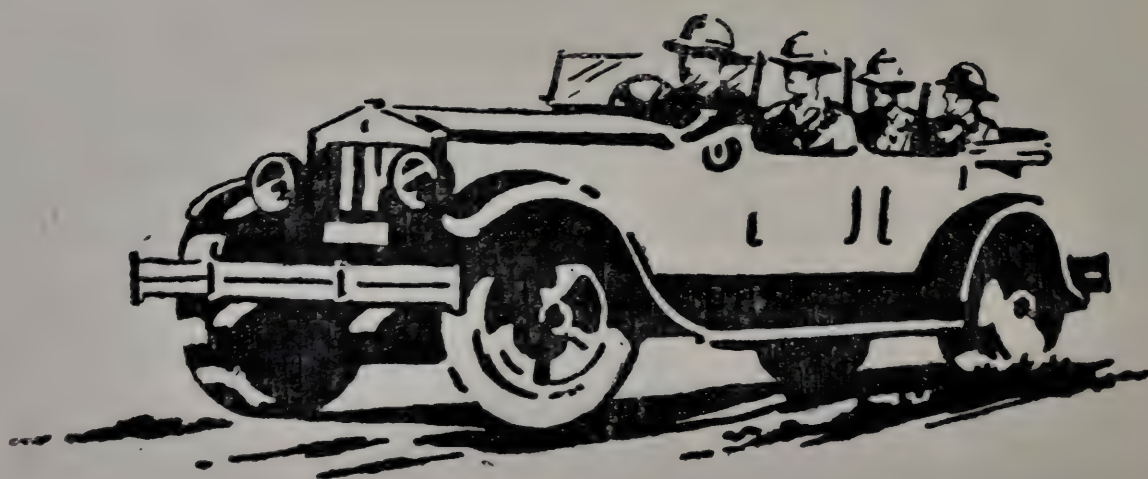

Best Section Commander Prize.—Cpl. D. Ross.

Kalimpong Swimming Champion.—Cadet D. Moller.

Cross-Country Race Champion.—Cadet D. Moller.

The Pipe Band made very good progress under Sergt. D. Johnson.

J. T. Lloyd, *Captain,*
O/C., No. 5 Platoon, "B" Coy.

US.

By O'D.

With Apologies to Rudyard Kipling.

*We're back again A-Camping
On Jalpai's sunny plains,
A little after Xmas time
And just before the rains,
Oh! get away you bullockman,
Can't you hear the bugle blow,
The riflemen are coming,
Down the Siliguri road.*

*It's placed at our disposal
When we are going off to war,
A lazy, creepy, crawly thing
They call the B. D. R.,
At ninety miles it travels
We've heard some people say,
But you should see the bunch of flowers
We picked along the way.*

*At six o'clock Reveille
Our trumpeter Ghooms around,
He staggers to the Flagstaff
And he views the swaying ground,
It's all eye-wash him A-Blowing,
'Cause he knows we are'nt far,
He's just left us all A-Drinking
And A-Singing in the Bar.*

*When we're lined up all A-Mounted,
The O.C.'s canter forth,
They inspect all our saddlery,
Tell us off for all their worth,
Your sword-knot's in the wrong way
And your nose band's even worse,
But they never see your gun upon
The wrong side of your horse.*

We pity our foot-sloggers,
 It's sad that you should see,
 Them sweating pints A-Drilling,
 Under Kergt, Husslebee,
 When us mounted men have vanished,
 He'll just say you've done enough,
 If perchance he sees the Colonel
 Then it's, Hold Guard, Pick-Up-Up,
 You've heard about old Caesar,
 He Challenged in the days of yore,
 For the comfort of his soldiers,
 He made char-iots by the score,
 We have them now in Jalpai,
 They're all here for you to see,
 A relic of old Roman times,
 Our gallant L. M. P.

Of parades within the district,
 We'll tell the powers that be,
 Why some weeks there are lots of us,
 And at others two or three,
 If you want to know the reason,
 Why at times we can't be found,
 We're at home A-Pulling jungle,
 Cause the V.A.'s coming round.

Still we are back again A-Camping,
 By Teesta's sunny sand,
 Four hundred fighting riflemen,
 The Colonel and a band?
 Oh! get away you bullockman,
 Our heads are bending low,
 We are coming at a gallop,
 Down the Siliguri road.

(CHORUS.)

With your best foot first,
 And the road is sliding past,
 And every blooming camping ground,
 Exactly like the last,
 When the big drum says,
 With it's Tow-Dee Tow-Dee Dow,
 Ky-Ko Ker-A-Wash, Don't yer hamster Aggie-Joo.

NOTES ON TRAINING IN CAMP, 1930-31.

1. **Esprit de Corps.**—The spirit shown by all ranks in camp was on the whole excellent. It is no good joining the Auxiliary Force if you don't take it keenly and seriously, as it is merely wasting everybody's time.

A parade is also far more interesting if you "put your back into it" and try and make a good show, than if you treat the whole thing as a boring necessity.

2. **Turn-out.**—A very great improvement; but spurs, bits and swords could still be a lot clearer. An Auxiliary Force member, with bearer and syce, ought to be able to "turn out" every bit as "clean" as a regular soldier.

3. **Horsemastership.**—There is still room for a good deal of improvement here. The two chief causes are: (a) ignorance of how to feed and water a horse; (b) bad syces and so bad grooming.

To keep a horse looking fit and well, he must have regular food, plenty of water, regular exercise and good grooming.

My lecture in Camp on horsemastership may, I hope, have helped to eliminate (a) above.

4. **Drill.**—This was very well done on the whole. But I have the following criticisms to make:

(1) Pace was much too fast and a lot of good drill was spoilt in this way. The regulation trot is a very slow pace.

(2) Flank men must ride "in" towards their centre guides to prevent "extending" from the centre.

5. **Arms Drill.**—Rifle and sword work now good. Shooting in competitions in Camp was poor. More practice in "rapid" fire is required.

Dummy Thrusting is very much improved. But a lot of blades still go in flat instead of edge-up. Also remember you must have the pace of the horse behind your *thrust* to do any good.

6. **Tactics.**—A very great improvement on the previous year. Galloping has almost stopped now, but members still use their horses as if they were motor-cars and sit on them the whole morning, thereby tiring their only means of mobility and rendering themselves very conspicuous—to the delight of the enemy who would rapidly despatch about 50 per cent. of the Corps into the next world.

Troop Leaders should practice "patrolling" as a drill movement on local parades. (For formations, etc., see Cav. Tr., Vol. 11, 1929, plates 1, 11, and 111 between pages 36-37. Cavalry Section Leading, 1930, plates 1, 2, 3 between pages 50-51).

Tactics are only common sense backed up by practice and experience. Make a sound appreciation of the situation based on the principles laid down in the training manuals (such as F.S.R., Vol. 11, Cav. Tr., Vol. 11, Infy. Tr., Vol. 11, etc.)

Make your decision and plan quickly. On tactical schemes in peace time, use your imagination especially with regard to "taking cover".

The work of the L.M.P. has improved enormously, and their work in camp was especially good. They want practice getting their cars under cover or out of the line of fire *quicker*. Fire orders also require more attention.

Photo by Bourne & Shepherd I

Major-General Bethell inspecting the Instructional Staff.

7. **Discipline.**—The hall-mark of a good regiment is good discipline. "Play the game", obey orders implicitly, immediately and without question; look after your horse, your clothing, equipment and arms as if they were your own and you will have good discipline, good *esprit de corps*, an efficient and mobile corps ready for any emergency, and the whole show will go with a "swing".

H. G. B. JORDAN,

Captain and Adjutant,

Northern Bengal Mounted Rifles.

RECONNAISSANCE RACE, 1931.

TEN pairs of competitors met at Nagrakata Station on the 27th March and rode across the paddy-fields south of the Nagrakata Club to the site of the old fishing camp on the east bank of the Jaldhaka about a mile south of the bridge.

The conditions, much the same as in previous years, were as follows:—

(1) Competitors (who should enter in pairs) must be at Nagrakata Station by 14-53 hours (i.e., the time of arrival of 1 up mixed) on Friday, 27th March, 1931. As no horse-drawn will be allowed on 1 up mixed on that date, competitors from the West whose horses travel by rail must box them by the earlier train (5 up mixed) which arrives at Nagrakata at 10-55 hours. Horses should be saddled and ready to move off when 1 up arrives.

(2) Competitors should provide themselves with double blankets for their horses and an efficient head-collar and neck rope should be worn. Heel ropes and other picketing gear will be provided at the bivouac as well as forage.

(3) Competitors should bring their own bedding and washing gear which will be conveyed from train to bivouac for them. It is essential to travel light.

(4) Regimental saddlery without rifle and buckets or arms must be used. Any clothing may be worn.

(5) One sals to each pair of competitors is allowed. No other servants are necessary or permitted.

(6) Compasses, sketching-boards and materials are permitted but competitors must provide their own. *Squared paper for maps and ruled paper for reports will be issued this year and must be used.*

(7) No maps are allowed.

(8) After the race arrangements will be made for competitors, their mounts and baggage to return by a train not later than 5 up or 6 down on 28th March. Instructions to drivers of cars to proceed to the finish will be issued, if desired, after the party has left Nagrakata for the bivouac on 27th March.

(9) The course will not exceed a twelve-mile point.

(10) Points will be allotted as follows:—

Time	30
Route	10
Map and Report ..	40
Condition of mount ..	20
	—
Total ..	100
	—

As usual each pair of competitors was supposed to represent a patrol sent out by our old friend "O.C. X Squadron" and his instructions and the information he wanted the patrol to obtain was discussed at the bivouac though the destination was not disclosed until the start the following morning.

The instructions were as follows:—

X Squadron N.B.M.R. is moving across the district, which is supposed to be disturbed but not actually hostile except in the larger bazaars, to join the main body at the Finishing Point and has halted at the bivouac for the night of 27th to 28th.

O.C. X Squadron has decided to rest his squadron on 28th and move to the Finishing Point with pack transport on 29th. He has detailed a patrol of two men to reconnoitre the route on 28th and to prepare a map and report which is to be handed in to O.C. main body who will arrange for sending it back to O.C. X Squadron.

You represent this patrol and your orders are:—

(1) To find the most direct route practicable for a squadron with pack transport between the bivouac and the Finishing Point.

(2) To make a map of this route on a scale of 1 inch to a mile.

(3) To write a report elucidating the map and containing sufficient information to enable the squadron to move safely between the two points but to avoid unnecessary detail.

(4) To hand the map and report to O.C. main body within an hour and a half of leaving the bivouac.

Notes.—Your map is required primarily to enable your O.C. to find his way, but it is also important for him to know what sort of country he is coming to as this will affect the formation he moves in and the steps he takes for the safety of his squadron.

He is an officer of the N.B.M.R. and therefore knows what a sal forest or a paddy-field looks like. It is

therefore unnecessary to tell him that the former "affords good cover from aeroplanes" and that he can deploy in the latter if necessary. On the other hand if your description leaves any doubt as to whether troops could deploy this should be stated.

In the open give your direction by compass bearing or by a conspicuous object (which need not necessarily be in the direct line) but must be *unique* and *conspicuous*.

In enclosed country like a forest, get your man on to a good road or cart-track and keep him there by warning him off wrong turnings.

Map and report should help each other in making your meaning clear.

At the start make up your mind what direction you think the finish lies in and only allow yourself to be pushed off this bee-line by obstacles. Don't bump into obstacles but begin keeping to the best worn tracks as soon as an obstacle (almost always a forest here) looms ahead. When you are being pushed off your bee-line by an obstacle try to estimate how far you are out and get back as soon as you can.

In spite of the instructions which said that the course would not exceed a twelve mile point, owing to a miscalculation it was just over thirteen this year, but the going was good and most horses ended fresh. There was only one obstacle, a belt of forest from one and a half to two miles wide along the Daina river, which could not be avoided.

The extent to which such an obstacle can set competitors off their line can be judged from the fact that two patrols met face to face on a cart-track in the Daina forest. Although, as it happened, one of these patrols was never seen again that

RECONNAISSANCE RACE, 1931.

day, it is quite possible for two pairs riding almost equally good courses to meet in this way.

Six cut of the ten patrols handed in maps and reports and among them the standard was, in my opinion, higher than ever.

Thoms and Hodges (B patrol) are to be congratulated on being second by only two points to two veterans like Rolfe and Pinniger.

A table of results is given below:—

Patrol.	Left.	Arr.	Mins.	Time.	Mount.	Map and Report.	Route.	Points.	Names.	Place.
A.	5.57	9.8	191	12	18	13	7	50	Hadley—Anderson	VI.
B.	6.0	8.50	170	18	20	28	9	75	Thoms—Hodges	II.
